

# Manalapan Parks & Recreation

## National CSI Camp

August 22 and 23, 2019

Physics

Math

DNA

Logic

Fingerprinting

Triangles

Biology

Bullet Velocity

S.T.E.M

Evidence Collection

Process a mock crime scene

Blood Spatter

Footprint Analysis

This program is created for students with an interest in law enforcement or related forensic sciences.

Students will learn general problem-solving skills and how physics, geometry, triangles and the Pythagorean theorem, simple algebraic math, sin/cosine problems relating to blood splatter and bullet trajectory, and other science disciplines assist in solving a crime scene.

After the classroom portion of the lecture, students will identify and process a mock crime scene by collecting evidence using the most up-to-date, modern techniques and methodologies.

The class is designed to challenge all students while having fun solving the crime. Class is taught by current and former Law Enforcement/Detectives.

**Open to resident students entering grades 6 -12 this fall**

**Fee for the 2-day program is \$165.00 per student**

**9:00am-4:00pm, Thursday August 22 and Friday, August 23**

**Held in the Municipal Building – Lower Level Police Conference Room**

***A minimum of 10 participants is needed to run the program (max 25).***
