

Manalapan Recreation

Presents

Mad Science Summer Camp

Exciting activities and spectacular demonstrations to capture the children's attention
Each day, the children will receive a **take home experiment and project sheet** to reinforce the camp's topic
Our instructors are **energetic, enthusiastic, and experienced!!!**

Red Hot Robots

August 19 to August 23, 2019

9:30 AM -12:30 PM

Join Mad Science for fantastic fun with our marvelous robots!

Children will explore things around them.

After experimenting with sound-sensing robots, line-tracking robots and even robots that can play soccer, campers will be well-equipped to build their own working robots to take home.

Children will also build simple circuits, test for conductivity and discover how switches work as they participate in a variety of hands-on activities and games.

Finally, the children get to use all of their learned skills to build their very own Robot to take home to live with them!

Camp is held at the Manalapan Recreation Center
Kuschick Pavilion.

Open to resident children entering grades 1 through 5 this fall

Fee is \$150.00 per child (includes \$20.00 material fee).

A minimum of 12 participants is required (Class max is 20).

Credit card registration accepted online only:
