SUEZ WATER QUALITY REPORT NOW AVAILABLE ON LINE

INFORMATION HELPS RESIDENTS UNDERSTAND IMPORTANCE OF PROTECTING DRINKING WATER SOURCES

MANALAPAN, NJ – SUEZ today announced that the Company’s annual Water Quality Report for Manalapan is now available electronically for all residential and business customers. The report transparently details the quality of drinking water provided throughout the service area during 2016.

“Our Water Quality Report is issued annually in accordance with the U.S. Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (NJDEP) regulations,” said Jim Mastrokalos, Director of Operations.

Four years ago, the EPA announced that the report could be issued electronically to customers through a direct URL address. The current report for year-ending 2016 is available at: www.mysuezwater.com/ManalapanCCR2016.

“As a leading environmental company, SUEZ is pleased to issue this report through current technologies which helps us integrate sustainability into our business practices for the communities we serve,” Mastrokalos added.

Customers who would prefer a printed copy of the report may call SUEZ at 732-349-0227 and provide their account number, name, address and telephone number to a customer service representative, Monday through Friday, 8 AM to 4:30 PM.

If customers enrolled to receive a paper copy in previous years, the report will automatically be sent to their home or business address on file.

SUEZ

We are at the dawn of the resource revolution. In a world facing high demographic growth, runaway urbanization and the shortage of natural resources, securing, optimizing and renewing resources is essential to our future. SUEZ (Paris: SEV, Brussels: SEVB) supplies drinking water to 92 million people, delivers wastewater treatment services to 65 million, collects waste produced by 34 million, recovers 16.3 million tons of waste each year and produces 5,853 GWh of local and renewable energy. With 82,500 employees, SUEZ, which is present on all five continents, is a key player in the sustainable management of resources. SUEZ generated total revenues of \$17.1 billion in 2015.
