INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the Township Committee
Township of Manalapan
County of Monmouth
Manalapan, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and the account group of the Township of Manalapan, County of Monmouth, State of New Jersey (the "Township") as of December 31, 2015 and 2014, and the related statements of operations and change in fund balance - regulatory basis for the years then ended, the related statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements listed as financial statement exhibits in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

Auditor's Responsibility (continued)

significant accounting estimates made by management, as well as evaluating the overall presentation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the Township prepares its financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2015 and 2014, or the changes in its financial position or, where applicable, cash flows thereof for the years then ended.

Basis for Qualified Opinion on the Trust Fund

The financial statements of the Length of Service Award Program ("LOSAP") Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit, and we were not engaged to audit the LOSAP Fund financial statements as part of our audit of the Township's financial statements. The LOSAP Fund financial activities are included in the Township's Trust Fund, and represent 4.31% and 4.56% of the assets, and liabilities, reserves and fund balance of the Township's Trust Fund as of December 31, 2015 and 2014, respectively.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion on the Trust Fund paragraph, the financial statements referred to above present fairly, in all material respects, the balance sheets - regulatory basis of the Trust Fund of the Township as of December 31, 2015 and 2014, and related statements of fund balance - regulatory basis for the years then ended, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the balance sheets - regulatory basis of the Current Fund, General Capital Fund, Water Utility Fund and the General Fixed Assets Account Group of the Township as of December 31, 2015 and 2014, the

Unmodified Opinions on Regulatory Basis of Accounting (continued)

statements of operations and change in fund balance - regulatory basis for the years then ended, the statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis of the individual funds for the year ended December 31, 2015 in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Our audits were conducted for the purpose of forming opinions on the financial statements, which collectively comprise the Township's financial statements. The supplementary schedules and comments section as listed in the table of contents are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a part of the financial statements. The supplementary schedules and comments section are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the LOSAP supplementary schedules, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole, based on the accounting principles and practices of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 27, 2016 on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of the Township Committee
Township of Manalapan
County of Monmouth
Manalapan, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the regulatory basis financial statements of the Township of Manalapan, County of Monmouth, State of New Jersey (the "Township") as of and for the year ended December 31, 2015, and the related notes to the regulatory basis financial statements, which collectively comprise the Township's basic financial statements and have issued our report thereon dated June 27, 2016. We expressed an adverse opinion on the conformity of the regulatory basis financial statements with accounting principles generally accepted in the United States of America, due to the differences between those principles and the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We expressed unmodified opinions on the regulatory basis financial statements of the Current Fund, General Capital Fund, Water Utility Fund and the General Fixed Assets Account Group as to conformity with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and since the Length of Service Award Program Fund was not audited, a qualified opinion on the Trust Fund.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's regulatory basis financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Township of Manalapan, County of Monmouth, State of New Jersey (the "Township"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S. 40A:5-5. The financial statements of the Township do not include the operations of the school boards, the first aid squad or the fire districts, which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") established criteria to be used to determine if component units should be included in the financial statements of the oversight entity. These criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Township, by statute or other directive, report separately on their financial statements. The Township had no component units during 2015.

B. Description of Funds

The GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America. The GASB codification establishes certain fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The accounting policies of the Township conform to the accounting principles and practices prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

Current Fund - used to record revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Fund - used to record animal license revenues and expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Description of Funds (continued)

Assessment Fund - used to record transactions relative to the financing of local improvements deemed to benefit the properties against which assessments are levied.

Other Trust Fund - used to record assets held by the Township in a trustee capacity or as an agent for individuals and other governmental agencies.

Length of Service Award Program Fund - used to record municipal contributions, changes in market value and administrative charges for program-eligible volunteers.

Open Space Fund - used to record receipts and disbursements relative to open space acquisition and maintenance.

General Capital Fund - used to record resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

Water Utility Operating and Capital Funds - used to record the operations and acquisition of capital facilities of the Township's water utility. Bonds and notes payable of the Utility Fund are recorded in the Utility Capital Fund.

General Fixed Assets Account Group - used to record fixed assets utilized in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. A modified accrual basis of accounting is followed with minor exceptions. The more significant differences are as follows:

Property Taxes and Other Revenues - Property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Township's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Expenditures - Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - Contractual orders at December 31 are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Until lapsed at the close of the succeeding year, appropriation reserves are available to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Deferred Charges - The regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

Interfunds - Advances in the Current Fund are reported as interfund receivables with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time of purchase. The costs of inventories are not included on the various balance sheets.

Sale of Municipal Assets - Cash proceeds from the sale of Township owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period when the terms of the sales contract become legally enforceable.

General Fixed Assets - In accordance with N.J.A.C. 5:30-5.6, issued by the Local Finance Board, Department of Community Affairs, State of New Jersey, which differs in certain respects from GAAP, the Township is required to develop a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

For fixed assets acquired through December 31, 1985, valuation is required at historical cost or estimated historical cost if actual historical cost is not available. For assets acquired beginning on January 1, 1986, the required basis for valuation is historical cost. Depreciation is not required. GAAP requires fixed assets to be valued at cost and be depreciated.

D. Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in general purpose financial statements in accordance with GAAP. The Township presents its financial statements, as listed in the table of contents, as required by the Division, which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the Division in accordance with applicable statutes.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include cash on hand, change funds, amounts on deposit and short-term investments with original maturities of three months or less.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The Governmental Unit Deposit Protection Act ("GUDPA") requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits. GUDPA requires that the market value of the collateral must equal five percent of the average daily balance of public funds; or if the public funds deposited exceed seventy five percent of the capital funds of the depository, the depository must provide collateral having a market value equal to one hundred percent of the amount exceeding seventy five percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Custodial Credit Risk - The custodial credit risk for deposits is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. Although the Township does not have a formal deposit policy for custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. As of December 31, 2015 and 2014 the Township's bank balances were exposed to custodial credit risk as follows:

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Deposits (continued)

In addition, as of December 31, 2015 and 2014, the Township had \$2,604,788.17 and \$3,102,061.96, respectively, on deposit in the New Jersey Cash Management Fund (the "Fund"). These deposits are not subject to custodial credit risk as described in this section. The operations of this Fund are governed by the provisions of State Investment Council Regulations for the purpose of determining authorized investments for the Fund.

Investments

a. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Township may use available funds for the purchase of the following types of securities, which, if suitable for registry, may be registered, in the name of the Township:

- (1) Bonds or other obligations of the United States or obligations guaranteed by the United States.
- (2) Government money market mutual funds.
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- (4) Bonds or other obligations of the Township, or bonds or other obligations of school districts of which the Township is a part or within which the school district is located.
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
- (6) Local Government investment pools, subject to certain requirements.
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P. L. 1977, c. 281; or
- (8) Agreements for the repurchase of fully collateralized securities, if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this section;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a GUDPA bank;
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments (continued)

b. Any investment instruments in which the security is not physically held by the Township shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Township and prevent unauthorized use of such investments.

c. Investments are further regulated and restricted in accordance with N.J.S. 40A:5-15.1.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Township does not have a formal investment policy for custodial credit risk for investments. Length of Service Award Program Fund investments were exposed to custodial credit risk and are invested at the discretion of each individual participant and not the Township. The fair value and book value of the Township's Length of Service Award Program Fund investments at December 31, 2015 and 2014 were \$542,194.93 and \$562,267.29, respectively.

Credit Risk

State law limits investments as described in prior sections of this note to the financial statements. As of December 31, 2015 and 2014 no such investments were held by the Township.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township does not have a formal investment policy for interest rate risk.

NOTE 3. TAXES COLLECTED IN ADVANCE

Taxes collected in advance and set forth as cash liabilities in the financial statements are as follows:

	Balance December 31,	
	2015	2014
Prepaid Taxes	\$723,674.03	\$628,525.26

NOTE 4. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the regulatory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes (the “notes”) are issued to temporarily finance capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes. No notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which the notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations. Tax anticipation notes are issued if cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

A. Long-Term Debt

C. Bonds and Notes Authorized but not Issued

At December 31, 2015 there were no authorized but not issued bonds and notes and at December 31, 2014 the Township had \$1,743,666.00 of authorized but not issued bonds and notes.

NOTE 5. DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. In accordance with New Jersey Statutes the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 6. UNEMPLOYMENT COMPENSATION INSURANCE

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance under N.J.S.A. 43:21-3 et. seq. The Township has elected to fund a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The reserves for unemployment compensation insurance at December 31, 2015, 2014 and 2013 were \$169,298.60, \$165,979.45, and \$153,938.33, respectively.

NOTE 7. FUND BALANCES APPROPRIATED

Fund balances at December 31, 2015 and 2014, which were appropriated and included as anticipated revenue in budgets for the years ended December 31, 2016 and 2015 were as follows:

For the year ended December 31, 2016,

Current Fund	\$3,825,000.00
--------------	----------------

For the year ended December 31, 2015,

Current Fund	\$3,650,000.00
Water Utility Operating Fund	69,192.00

NOTE 8. FIXED ASSETS

Fixed assets activity for the years ended December 31, 2015 and 2014 was as follows:

	Balance Dec. 31, 2014	Additions	Dispositions	Balance Dec. 31, 2015
Land and Land Improvements	\$16,275,742.22			\$16,275,742.22

	<u>\$30,402,572.42</u>	<u>\$1,633,683.79</u>	<u>-</u>	<u>\$32,036,256.21</u>

NOTE 9. ACCRUED UNPAID SICK AND VACATION BENEFITS - UNAUDITED

As discussed in Note 1 and in accordance with accounting principles prescribed by the Division, the cash basis of accounting is followed for recording the Township's liability related to unused sick and vacation pay. The Township permits its employees to accumulate unused sick and vacation pay, which may be taken as time off or paid at a later date at an agreed upon rate. The estimated current costs of such unpaid compensation at December 31, 2015 and 2014 were \$836,447.96 and \$869,075.98, respectively. In accordance with accounting principles and practices prescribed by the Division, this amount is not reported as an expenditure or liability in the accompanying financial statements.

NOTE 10. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor in each year and filed with the County Board of Taxation. Upon the filing of certified adopted budgets by the Township, Local School District, Regional School District and County, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the “lawful yearly expenditure” which includes the total amount of property taxes to be raised by the local unit.

Taxes are levied on an annual basis and are due quarterly on February 1, May 1, August 1, and November 1. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

The Township is responsible for remitting one hundred percent of the school, county and special district taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the Township and not the school districts, county or special districts.

NOTE 11. SCHOOL TAXES

Regulations provide for deferral of not more than fifty percent of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Township raises its share of regional high school taxes on a school year basis and has elected to defer these taxes at December 31, 2015 and 2014 as follows:

	<u>Regional High School Tax</u>	
	<u>2015</u>	<u>2014</u>
Balance of tax	\$12,372,105.09	\$12,226,713.25
Deferred	4,948,095.00	4,948,095.00
Tax Payable	<u>\$7,424,010.09</u>	<u>\$7,278,618.25</u>

NOTE 12. PENSION PLANS

Description of Systems

The Township contributes to the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS") cost-sharing multiple employer defined benefit pension plans administered by the Division of Pensions and Benefits in the Department of the Treasury, State of New Jersey. The plans provide retirement, death, disability benefits and medical benefits to certain qualifying members and beneficiaries. PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. PFRS was established on July 1, 1944, under the provisions of N.J.S.A. 43:16A. PERS and PFRS issue publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits.

Funding Policy

PERS employee contributions were 6.92% of base wages through June 30, 2015. Effective July 1, 2015 PERS employee contributions were 7.06% of base wages. PERS prosecutor employee contributions were 10.00% of base wages. PFRS employee contributions were 10.00% of base wages. The Division of Pensions actuarially determines employer's contributions annually. Contributions to the plans for the past three years were as follows:

Defined Contribution Retirement Program

The Defined Contribution Retirement Program ("DCRP") is a cost-sharing multiple employer defined contribution pension fund which was established in 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. DCRP provides eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Employee contributions to DCRP are 5.50% of base wages. Member contributions are matched by a 3.00% employer contribution.

Unfunded Net Pension Liability

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2015. As of the date of this report, the State of New Jersey has not allocated any unfunded net pension liability to the municipality and the amount to disclose in the notes to the financial statements is not presently known, but is probably material.

NOTE 12. PENSION PLANS (CONTINUED)

Public Employees Retirement System (PERS)

At June 30, 2015, the State reported a net pension liability of \$6,259,253.00 for the Township's proportionate share of the total net pension liability. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

At June 30, 2015, the Township's proportion was 0.0679407226 percent, which was a decrease of 0.00425353690 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2015, the State recognized an actuarially determined pension expense of \$866,813.00 for the Township's proportionate share of the total pension expense. The pension expense recognized in the Township's financial statement based on the April 1, 2015 billing was \$626,507.52.

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. These actuarial valuations used the following assumptions:

	<u>June 30, 2015</u>	<u>June 30, 2014</u>
Inflation Rate	3.04%	3.01%
Salary Increases (based on age)		
2012-2021	2.15% - 4.40%	2.15% - 4.40%
Thereafter (based on age)	2.15% - 4.40%	3.15% - 5.40%
Investment Rate of Return	7.90%	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees

The actuarial assumptions used were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

NOTE 12. PENSION PLANS (CONTINUED)**Public Employees Retirement System (PERS) (Continued)****Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2015 and June 30, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>June 30, 2015</u>		<u>June 30, 2014</u>

NOTE 12. PENSION PLANS (CONTINUED)**Public Employees Retirement System (PERS) (Continued)****Discount Rate**

The discount rate used to measure the total pension liability was 4.90% and 5.39% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.30% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower (3.90%) or 1 percentage point higher (5.90%) than the current rate:

	June 30, 2015		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>3.90%</u>	<u>4.90%</u>	<u>5.90%</u>
Township's proportionate share of the pension liability	\$18,955,538.06	\$15,251,330.77	\$12,145,750.14

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS).

NOTE 12. PENSION PLANS (CONTINUED)

Police and Firemen's Retirement System (PFRS)

At June 30, 2015, the State reported a net pension liability of \$31,156,430.00 for the Township's proportionate share of the total PFRS net pension liability. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Township's proportion was 0.1870525215 percent, which was an increase of 0.01439552820 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2015, the State recognized an actuarially determined pension expense of \$3,052,277.00. The pension expense recognized in the Township's financial statement based on the April 1, 2015 billing was \$1,282,139.00.

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following assumptions:

	<u>June 30, 2015</u>	<u>June 30, 2014</u>
Inflation Rate	3.04%	3.01%
Salary Increases (based on age)		
2012-2021	2.60% - 9.48%	3.95% - 8.62%
Thereafter (based on age)	3.60% - 10.48%	4.95% - 9.62%
Investment Rate of Return	7.90%	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables with adjustments for mortality improvements from the base year of 2014 based on Projection Scale BB.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

NOTE 12. PENSION PLANS (CONTINUED)**Police and Firemen's Retirement System (PFRS) (Continued)****Long Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2015 and June 30, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>June 30, 2015</u>		<u>June 30, 2014</u>

NOTE 12. PENSION PLANS (CONTINUED)**Police and Firemen's Retirement System (PFRS) (Continued)****Discount Rate**

The discount rate used to measure the total pension liability was 5.79% and 6.32% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower (4.79) or 1 percentage point higher (6.79%) than the current rate:

	June 30, 2015		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>4.79%</u>	<u>5.79%</u>	<u>6.79%</u>
Township's proportionate share of the pension liability	\$44,676,123.66	\$33,888,744.18	\$25,092,600.05

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System

NOTE 13. INTERFUND BALANCES

The balances of interfund receivables and payables at December 31, 2015 and 2014 are presented below:

All balances resulted from the time lag between the dates that payments between funds were made.

NOTE 14. LENGTH OF SERVICE AWARD PROGRAM FUND - UNAUDITED

The Township has established a Length of Service Award Program under the laws of the State of New Jersey with the intent that it meets requirements under Section 457(e)(11) of the Internal Revenue Code.

Annual Contributions - The annual contribution to be made by the Township for each active volunteer member shall be \$1,050.00 per year of active emergency service.

Appropriations - Appropriations for the purpose of funding the Township's Length of Service Award Program are included as a separate line item in the Township's budget.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Township for each active member shall be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

NOTE 15. DEFERRED COMPENSATION

The Township has adopted a Deferred Compensation Plan (the "Plan") in accordance with Section 457 of the Internal Revenue Code and P.L. 1977, C.381; P.L. 1978, C.39; P.L. 1980, C.78; and P.L. 1997, C.116 of the statutes of the State of New Jersey.

The Plan enables the Township's employees to voluntarily authorize a portion of their salary to be withheld and invested in certain investments permitted under applicable regulations.

NOTE 16. POSTEMPLOYMENT RETIREMENT BENEFITS

In addition to the pension benefits described in Note 12, the Township provides postemployment health and dental care for all employees who meet certain service requirements. Benefits consist of full medical and dental coverage and costs are reported as they are paid.

Plan Description

The Township contributes to the State Health Benefits Program (“SHBP”), a cost sharing, multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey, Division of Pensions and Benefits. The SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et. seq., to provide health benefits to employees of the State of New Jersey, retirees, and their dependents. Rules governing the operation and administration of the SHBP are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. In 1991 the Township authorized participation in the SHBP through resolution number 91-243.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey, Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. The financial report of the SHBP may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Postemployment retirement health benefits under the SHBP have been funded on a pay-as-you-go basis since 1994. Prior to 1994, health benefits were funded on an actuarial basis.

Contributions to pay health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. The Township’s postemployment retirement health benefits contributions to the SHBP for the years ended December 31, 2015, 2014, and 2013 were \$1,474,559.31, \$1,327,477.14, and \$1,288,238.86, respectively, which equaled the required contributions for each year.

NOTE 17. CAPITAL LEASE OBLIGATIONS

The Township participates in the Capital Equipment Lease Program with the Monmouth County Improvement Authority (the "Authority"). The Authority issued revenue bonds in which the Township pays the debt service as part of the lease agreements. The minimum lease payments are raised annually in the current fund budget.

The Township's lease obligations payable are summarized as follows:

<u>Purpose</u>	<u>Date of Issue</u>	<u>Original Issue</u>	<u>Interest Rates</u>	<u>Balance Dec. 31, 2015</u>
Capital Equipment	10/4/07	\$939,800.00	5.00%	\$159,700.00

	<u>\$1,425,700.00</u>	<u>\$161,495.39</u>	<u>\$1,587,195.39</u>

NOTE 18. EQUIPMENT LEASE PURCHASE AGREEMENT

On June 24, 2011 the Township entered into a fifteen year equipment lease purchase agreement with Green Campus Partners, LLC for equipment that will provide energy savings to the Township. The Township may exercise its option to purchase the equipment at any time on or after July 1, 2017. Lease payments for the equipment are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$44,225.80	\$30,711.20	\$74,937.00
2017	48,599.94	28,960.06	77,560.00

	<u>\$775,625.60</u>	<u>\$209,207.40</u>	<u>\$984,833.00</u>

NOTE 19. OPERATING LEASES

The Township leases various photocopy machines. The future minimum lease payments under the operating leases are as follows:

<u>Year</u>	<u>Amount</u>
2016	\$10,106.34
2017	6,391.44
2018	6,391.44
2019	6,391.44
2020	3,862.33
	<u>\$33,142.99</u>

NOTE 20. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts, theft of, and damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The Township has opted to retain risk, up to certain limits, for which reinsurance has been obtained, for workmen's compensation coverage. As of December 31, 2015 and 2014, the Township had reserves for workmen's compensation claims of \$603,459.95 and \$515,341.62, respectively. The Township is a member of the Monmouth Municipal Joint Insurance Fund (the "Fund"). The Fund is a public entity risk pool and is both an insured and self-administered group of public entities established for the purpose of insuring against property damage, general liability, and motor vehicles and equipment liability. The Fund contracts for excess liability insurance for property, general liability, auto liability, public official liability, and law enforcement liability. There were no settlements in excess of insurance coverage in the past three years.

NOTE 21. COMMITMENTS AND CONTINGENCIES**Grant Financial Assistance**

The Township receives certain financial assistance in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. The Township's administration anticipates that no material liabilities will result from such audits.

Legal Proceedings

The Township is party to certain legal proceedings, the resolution and impact of which, individually or in the aggregate, in the opinion of the Township's administration, are not likely to have a material adverse impact on the Township's financial position or adversely affect the Township's ability to levy, collect, and enforce the collection of taxes or other revenue for the repayment of its bonds or other obligations.

NOTE 22. SUBSEQUENT EVENT

On June 15, 2016 the Township adopted an ordinance to authorize the issuance of bonds and notes of \$2,986,363.00 for various capital improvements and the acquisition of various capital equipment.

TOWNSHIP OF MANALAPAN
COUNTY OF MONMOUTH
STATE OF NEW JERSEY

COMMENTS

YEAR ENDED DECEMBER 31, 2015

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory limit within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the municipal attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising for the following items:

Electrical Service Work within the Township of Manalapan
Leasing of Park Space for Ice Cream and Italian Ice Vending
2015/2016 Senior Citizens Charter Bus Services
Lease of Bus Shelters for Advertising and Maintenance
2016 Tri Axle Hook Lift Truck
Snow Removal Equipment and Operators
2008 Used Landoll Trailer or Equivalent
Solid Waste and Recycling Materials Collection

The minutes indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our audit of expenditures did not reveal any individual payments in excess of the statutory limit for the performance of any work or the furnishing of any goods or services other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered."

Collection of Interest on Delinquent Taxes and Assessments

N.J.S. 54:4-67 provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

On January 2, 2015 the Governing Body adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

WHEREAS, the Township Committee of the Township of Manalapan deems it desirable to encourage prompt payment of taxes and assessments in order to permit sound fiscal planning; and

WHEREAS, real estate taxes are payable on February 1, May 1, August 1, and November 1 of each year; and

WHEREAS, the Township Committee desires to establish the interest rate of eight percent (8%) per annum on all delinquent taxes and assessments up to and including \$1,500 and eighteen percent (18%) per annum on all delinquent taxes and assessments over the sum of \$1,500, said interest to be waived within a ten (10) day period after they become due;

WHEREAS, N.J.S.A. 54:4-67 permits the governing body to assess, by resolution, an additional six percent (6%) penalty against delinquent taxes that remain unpaid prior to the end of the calendar year in excess of \$10,000.00; and

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Manalapan that pursuant to the provisions of N.J.S.A. 54:4-67 the rate of interest to be charged for the nonpayment of taxes and assessments on or before the date when the same become delinquent is hereby fixed at eight (8%) per annum up to and including the sum of \$1,500 and eighteen percent (18%) over the sum of \$1,500 and said interest may be waived within a ten (10) day period after they become delinquent.

Based upon our audit of the tax collector's records, interest on delinquent taxes was charged in accordance with the foregoing resolution.
