COMMUNITY ALLIANCE TO PREVENT ALCOHOLISM AND DRUG ABUSE

120 Route 522 · Manalapan, NJ 07726 · 732-446-8345 · Fax 732-446-1576

Website: www.mtnj.org

October 23rd to October 31st is Red Ribbon Week

After the death of Enrique Camarena, a drug enforcement administration agent trying to stop the use of illegal drugs, the Red Ribbon Campaign was created in his honor. The Red Ribbon is meant to help educate youth and encourage their participation in drug prevention activities. Red Ribbon week is a platform for people and communities to unite and take a visible stand against drugs.

Myths and Misunderstandings Concerning Drug Use:

- **You cannot become addicted to doctor prescribed medicine.** Using extra doses of a prescribed drug or prolonging one's use of it can lead to addiction and can even be hazardous to one's body.
- **"Natural" are safer than synthetic drugs.** Natural drugs such as marijuana and mushrooms can still alter one's brain chemistry and have harmful side-effects.
- **Drug addiction is a choice.** The use of drugs is a choice, but continued use of a drug can alter one's brain chemistry and change one's body, taking away one's choice in the matter.

Common Signs of Drug Abuse:

- **Trouble at school or with work**

- **Lack of care for personal appearance.** Poor hygiene, flushed cheeks, burns on face or lips.
- **Smell of smoke or other unusual scents on child or clothing**
- **Frequently breaks curfews**
- **Reckless driving**
- **Avoiding eye contact and locking doors**
- **Sudden increase in appetite**
- **Change in relationships with friends**
- **Lowered inhibitions**
- **Emotional instability**
- **Nosebleeds and frequent sickness**

How to Prevent Drug Use in Children:

- **Communicate:** Discuss the risks of drug use and abuse with your children.
- **Listen:** Listen carefully when your children come to you about peer pressure, and be supportive of their attempts to resist it.
- **Set a good example:** Don't abuse alcohol or other drugs; this could put children at a greater risk of drug addiction.
- **Strengthen the bond:** A strong and stable relationship with your child can help him or her avoid the temptation of using drugs.
