## WHAT'S ALL THE BUZZ ABOUT BEES?

FRIDAY, MAY 10, 2024

2:00 PM

MANALAPAN COMMUNITY CTR

114 RT. 33 WEST

THROUGHOUT SPRING AND SUMMER, WE OFTEN HEAR THE FAMILIAR BUZZ OF HONEYBEES ON OUR FLOWERS AND PLANTS. FOR AGES, WE'VE BEEN CONDITIONED TO FEAR AND AVOID BEES!! CONTRARY TO POPULAR BELIEF, HONEYBEES ARE NOT MEAN INSECTS. IN FACT, AFTER THIS WORKSHOP, YOU MAY FIND THERE'S MUCH MORE TO LOVE ABOUT THEM THAN TO DISLIKE.

YOU WILL LEARN SOME AMAZING FACTS ABOUT HONEYBEES, SEE SOME BEE KEEPING ITEMS AS WELL AS LEARN WHAT YOU CAN DO TO HELP THESE UNSUNG HEROES OF THE POLLINATOR WORLD! SO, HOPEFULLY, THE NEXT TIME YOU SEE A HONEYBEE YOU WON'T TRY TO KILL IT, BUT RATHER THANK IT FOR ALL IT DOES FOR US, ESPECIALLY FOR THE SWEET HONEY THAT IT MAKES & WE ALL ENJOY!

Register in person or call 732-446-8401 by May 8th
