An ICU nurse accidentally uncovers a patient's frightening past in this chilling thriller.

Meghan Michaels is trying to find a balance between being a single mom to a teenage daughter and working as a full time nurse. While on duty at the hospital one day, a patient named Caitlin arrives in a coma with a traumatic brain injury, having jumped from a bridge and plunging over twenty feet onto the train tracks below. But when a witness comes forward with shocking details about the fall, it questions everything they know. Was Caitlin pushed and, if so, by whom and why?

Meghan always tries to stay emotionally detached from her patients, but this time, she mistakenly lets herself get too close. Only when it's too late, does she realize that she and her daughter could be the next victims.
